#### Henke Manufacturing Down Pressure Snow Plow—"The Parallel Lift Plow"

Another Innovative Product for Your J-Craft Solution

Parallel Lift Plow	HDPW or MDPW
	<b>Moldboard Height:</b> 43" <b>Lengths:</b> 10', 11', 12' <ul style="list-style-type: none"> <li>• Steel or polymer moldboard</li> <li>• (10) vertical ribs</li> <li>• Inverted "J" shaped moldboard</li> <li>• Power reversible</li> <li>• Truck hitch stays with plow when disconnected</li> <li>• Flat plate remains with truck</li> <li>• Unit hydraulically lifts on and off flat plate</li> </ul>

The latest product innovation offered by Henke. Go to [www.henkemfg.com](http://www.henkemfg.com) and check out their video.

The "Parallel Lift Plow" is designed to remain parallel to the ground in transport or in angling positions, this unique plow can be completely removed from the truck hydraulically, leaving only a flat plate. The truck hitch and power reversing and lifting mechanisms remain with the plow.

The Parallel Lift Plow has an inverted "J" shaped 43" high moldboard with 10 vertical ribs. The moldboard is available in steel or polymer in 10', 11' and 12' lengths.

Henke Manufacturing is a recognized industry leader with over 90 years experience in the design and manufacture of snow fighting equipment utilized in both the public and private sectors.

To find out how to install this on your new or existing dump truck with J-Craft's dump body, please contact your J-Craft, Inc. Inside Sales Team or Territory Manager.

J-Craft, Inc. and Henke Mfg. team up to provide the best solutions for nasty road conditions.

**Welcome!** At first sight of snowfall, we ooh and ahh over the pretty flakes falling from the sky. The streets and houses look like a pretty postcard. Lights twinkle in the reflection of the snow. It's so pretty to look outside your window and see your own winter wonderland. Then comes the dreaded snow and ice removal.

Check out Henke's new down pressure plow in this month's newsletter.
